This isn't Plymouth, is it?
[Laughs] No, no, it's Barcelona. Quite a way from home for me, and I'll admit I got a little homesick at times.

What? Being away from Plymouth and you were homesick? Surely not.
Hey, I've got a lot of friends back there. I'm not keen on travelling because I miss them, but more than that, being on the road you get so pent-up. By the time I got back I was a sexual time bomb – I couldn't wait to get laid!

You're telling us you didn't pull in Spain?
There were some very tasty guys out there, and I flirted with loads, but I just didn't go all the way with any. Which is why I was so keen on getting back. Talk about desperation!

It all ended happily we hope.
As soon as I landed back on British soil I was like a cat on heat. I just threw myself into a club in Plymouth and by the end of night had two guys on my arm. I dragged them home and we fucked for hours.

A trainer, eh? You a bit of an animal yourself, Kat? Grrr…

I've learned a few tricks from my students I suppose, but enforcing obedience is my forte. I could whip anybody into shape within half an hour. It's all about confidence, especially training animals. I was holding an enormous python last night.

Hey, that's more like it.
He was a big boy that's for sure, and wouldn't sit still for a second. You have to really grip tight otherwise you lose control.

Had your hands round many, then?
I've had my share of big pythons, yes. Plenty of trouser snakes too, but they're not so lively.

So what's your favourite animal at the moment?
Men. They're all animals in my experience, and there's plenty of different varieties to choose from.

How do you like them?
All shapes and sizes – slim, tall, short, cuddly. As long as they've been house-trained and don't make too many funny noises!

MISS SIXTY

Okay, let's have the truth. Did you get your rocks off doing this shoot or what?

[Anita] She did! She was dripping wet from start to finish!

[Judith] We both were, we were in the shower! Anyway, you're one to talk, Anne, – you suggested we do it for real to make the shoot look better. I'm telling you, her tongue was all over me.

Better than a single session, then?

[Anita] Isn't it always? Yeah we had a good time, but it was all over a bit quick. I like to take everything slowly if I can.

[Judith] Yeah sure. You told me you go at it like a pneumatic drill!

Come on then, is it true women satisfy each other better than a man can?

[Anita] Depends what sort of man it is. Judith has got quite a special technique, you know. Few men could equal that.

[Judith] You charmer. I was going to say I prefer men every time, but you're changing my mind. Fancy going again?

Hi Tommi, how are you? Busy? ***You know I've been busy! It was you lot who started me off in nude modelling in the first place, remember? It's been a long year.***

Well you've certainly proved popular. We had to chip-in with *Men's World* just to afford your modelling fees!

But you got what you paid for, didn't you? Anyway, who's getting the 'good girl' photos and who's printing the 'bad girl' ones? They're terrific. I want to use them in my portfolio.

Well… erm… we both are…

What? How do you mean? You told me each shoot was a special commission – one for Mayfair, one for Men's World. Right?

The last time we chatted you'd just packed up a job as a box packer…
How things change, huh? I guess I must be a classic rags-to-riches model. No, I don't miss those times at all. I'm doing this full-time and even had an audition to be a TV presenter!

Really? What show?
It's all hush-hush at the moment so I can't give anything away, but my audition went very well. Besides, I think the director fancied me.

We'll keep an eye open for you.
Thanks! Although your readers might not recognise me – I'll be fully clothed!

Woah! Kirsty, you're looking… er, swell!
You like my new look, then? I thought you might. Why is it that all the men were always saying, 'Breast size doesn't matter to me,' and then as soon as I get my op done they're like, 'Phwoarr! Nice tits!'

What differences have you noticed since your 'enhancement'?
Apart from forking out on a load of new bras, I'd say my balance, confidence and the fact I'm pulling more men then ever before.

Who was the first lucky man to give 'em a squeeze, and what did he say?
Funnily enough it was an old boyfriend. I bumped into him (quite literally) at this bar and he couldn't take his eyes off my chest for the entire evening. We ended up in bed and all he could say was, 'I love your tits,' over and over. That's a good sign I reckon.

That's the ticket, Nikki, off with your pants.
Hey, it's no longer hip to come out with sex demands anymore. Have you not heard – laddism is dead and buried.

Nah, nonsense. It's always been here.
How about a revival of the gentlemen era. It's been a while since I've had a gent sleep alongside me. I'm up for it.

Gents never get laid though, do they?
Thinking about it, I do prefer men a little wild. Bring on the bad boys!

We're about as bad as they come, Nikki.

You? Don't be silly. You're little kittens compared to what I'm used to. Besides, I'm having a bit of a fling with someone at the moment so I'm not really on the menu.

What? Don't tell us you're not available?

Well I've slept with the same man for the last two weekends. Does that not count as a relationship? No? Ohh good, then I'm still free and single! Come and get some, guys!
